

ARCHITECTURAL
MAILBOXES®

AMERICA'S LEADING MANUFACTURER
OF PREMIUM MAILBOXES

Architectural Mailboxes® represents the pinnacle in premium residential mailboxes. Decades of manufacturing experience, strict quality controls and superior materials ensure that every Architectural Mailboxes postal product is quality-built to the highest standards in the industry. When you choose an Architectural Mailboxes product you are getting the ultimate in innovation, security and long-lasting design.

STYLE

Our unique, award-winning designs can be found gracing some of the country's finer homes and have been featured on nationally televised home makeover shows. Choose from a wide variety of styles, colors, finishes and mounting options to perfectly complement your home or business.

QUALITY

All of our mailboxes are constructed of heavy gauge galvanized steel, stainless steel or die-cast aluminum and feature heavy-duty stainless steel hinges and shuttered cam-lock mechanisms for years of trouble-free service.

Accent pieces are antiqued or polished in premium metallic finishes. Painted parts are individually powder coated before assembly for extra durability and superior fit and finish. And all mailbox posts come with complete hardware making installation a breeze.

SECURITY

Architectural Mailboxes exceeds USPS standards for security and durability. Locking styles have re-keyable locks and feature oversized delivery slots for large envelopes and magazines. For larger packages, the Oasis®

Series features the patented parcel delivery door for increased parcel security. A USPS approved red alert flag and internal mail clip help keep outgoing mail organized and secure.

Distinctive style and unsurpassed quality have made Architectural Mailboxes America's leading manufacturer of premium mailboxes.

POST MOUNT COLLECTION

COMBINATIONS

Mailboxes are made of premium powder coated metals for a smooth, durable finish. Beautifully intricate accent pieces are cast from heavy brass or aluminum then highly polished or antiqued to provide just the right touch of elegance and style. To see all the possible color and accent combinations please visit our website at www.architecturalmailboxes.com.

Beautifully constructed and classically styled our premium post mount mailboxes offer dozens of color and accent combinations as well as custom address lettering and post mounting options. These striking mailboxes add instant curb appeal to any home pleasing even the most discerning homeowner.

OPTIONS

CUSTOM LETTERING: Personalize your mailbox with custom vinyl lettering. Custom colors, fonts and even artwork can be created and factory applied to either front or sides using our in-house computer-controlled system. Our address lettering is high quality vinyl lettering and rated for a minimum of seven years.

MULTI-HOME

For multiple home applications, single, double, triple or quad mailbox configurations can be mounted on any of our single posts using our side support brackets or spreaders.

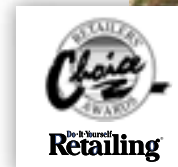

POSTS

Simple, clean and elegant our Standard Post is available in both surface mount and in-ground styles.

The award-winning Grande Post offers a wide range of options. Our steel post construction provides extra rigidity and strength for versatility in mailbox height location and multiple box configurations. The cast aluminum base provides stability and conceals mounting hardware. Powder coated to match all mailbox colors, the Grande Post's modular design allows for fast assembly and easy part replacement.

OASIS® COLLECTION

The Oasis Collection of locking mailboxes offers high security and extra capacity for residential, commercial and municipal applications in a clean, contemporary design. An oversized patented Parcel Delivery Door allows for delivery of small parcels and mail bundles which keeps items secure until the box is unlocked. Oasis mailboxes are also available in a commercial drop box version for items such as videos, keys or payments.

COLORS

Oasis Mailboxes are made of heavy gauge galvanized steel and powder coated in a variety of colors to perfectly complement the style of any home. For complete color choices please visit our website at www.architecturalmailboxes.com.

MASONRY INSTALLATION

The contemporary design makes an Oasis Mailbox the perfect choice for masonry column installations. Mailboxes can be mounted inside or on top of a column and a detachable USPS approved red alert flag can be mounted outside of the column.

MULTI-HOME

For multi-home applications up to four Oasis Mailboxes, or a combination of mailboxes and drop boxes, can be mounted on a Standard Post. Decorative Posts can hold up to two Oasis Jr. mailboxes.

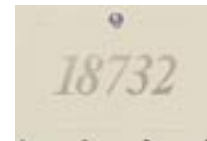

OPTIONS

POSTS: Standard Posts are powder coated to match mailbox colors and are available in both surface and in-ground mountings. Decorative Posts feature side mounting for up to two Oasis Jr. Mailboxes.

CUSTOM LETTERING: Rated for a minimum of seven years, our premium vinyl lettering is computer generated and factory applied offering a wide variety of colors, font styles, and even custom artwork.

DROP BOXES: These large capacity locking drop boxes feature our patented parcel delivery door for extra security. Posts are available for both surface mount and in-ground installations and will support up to four boxes using the optional spreader plates.

WALL MOUNT COLLECTION

THE PENINSULA™

Classic and timeless, the Peninsula is built with over fourteen pounds of solid stainless steel. Premium finishes included antique brass, satin nickel and antique copper. Mailbox door is available with or without the distinctive “Eternity” embossing.

These wall mount mailboxes feature oversized mail slots, spacious storage compartments and locking access doors. Several styles are available from classic to contemporary providing a beautiful accent and touch of class to any home. For more wall mount options, visit us at www.architecturalmailboxes.com.

THE LUNADA™

The Lunada offers the classic lines of the Peninsula with a smooth painted finish for a look that's clean and elegant. The durable powder coat finish on heavy gauge galvanized steel is available in pearl gray, sand, black, white and bronze.

THE METROPOLIS™

High style meets high security. Heavy stainless steel construction resists the elements and is available in either a machine-turned swirl pattern or brushed satin finish.

THE SOHO™

The contemporary Metropolis box design is made of heavy gauge galvanized steel with a durable powder coat finish in pearl gray, sand, black, white or bronze.

CLUSTER BOX UNIT

ACCESSORIES

Architectural Mailboxes CBU decorative accessories are a beautiful finishing touch to a Cluster Box installation bringing elegance and style to any community. Sold individually for easy customization all decorative accessories are die cast aluminum and compatible with any F-Type CBU.

COLORS

Roof Caps, Post Bases and Post Columns are powder coated and available in several colors including sandstone, postal gray, bronze, and black. For more information please visit our website at www.architectural-mailboxes.com.

ROOF CAPS AND FINIALS

Roof Caps are secured directly to the CBU top and come in a Pitched Roof design with either a Classic Ball or Contemporary Flat finial

POST BASE

The Post Base covers the existing F-Type CBU and hides the mounting hardware providing a clean, unified look.

POST COLUMN

Designed to be used with the Post Base, the decorative Post Column wraps around the existing F-Type CBU post. The Post Column can be retrofitted to any 8 or 12 door F-Type CBU.
