

# Cluster Box Units (CBU's) - *continued on pages 8-11*

## CLUSTER BOX UNITS - FRONT LOADING

USPS  
access or PRIVATE  
access

Made of heavy duty aluminum and stainless steel hardware, Salsbury 3300 series U.S.P.S. approved Cluster Box Units (CBU's) are accessed from the front through two (2) easy opening master door panels. The durable and corrosion resistant units feature a powder coated finish available in six (6) contemporary colors. Each CBU includes one or two (2) fully integrated parcel lockers and a matching pedestal. Each aluminum door includes a heavy duty five (5) pin cylinder cam lock with a dust/rain shield and three (3) keys. One additional compartment in each unit is labeled "Outgoing Mail" and includes a weather protection flap and an 11-3/4" W x 3/4" H mail slot. An attractive option to CBU's for new and existing CBU installations are Salsbury 3300R series U.S.P.S. approved Regency Decorative CBU's - see pages 8-9.

# Regency® Decorative CBU's - *continued on pages 10-11*

## REGENCY® DECORATIVE CBU's - FRONT LOADING

Made of heavy duty aluminum and stainless steel hardware, Salsbury 3300R series U.S.P.S. approved Regency Decorative Cluster Box Units (CBU's) are available in an easy to order complete package that includes a Salsbury 3300 series CBU and matching pedestal, an attractive decorative CBU top and an elegant decorative CBU pedestal cover. U.S.P.S. approved decorative tops and decorative pedestal covers are made of die-cast aluminum and can be ordered separately - see page 10. The decorative top easily attaches to the CBU and includes a 3" diameter ball finial and an attractive sloping design. The decorative pedestal cover easily attaches over the CBU pedestal and includes installation hardware. Regency Decorative CBU's are accessed from the front through two (2) easy opening master door panels and feature a powder coated finish available in five (5) contemporary colors. Minor assembly is required.

### Officially Licensed by the U.S.P.S.

Salsbury 3300 series Cluster Box Units are manufactured to U.S.P.S. "F" specifications. They are an officially licensed product of the U.S. Postal Service for centralized mail delivery.

## 4C STANDARD HORIZONTAL MAILBOXES FRONT OR REAR LOADING

Made of heavy duty aluminum and stainless steel hardware, Salsbury 3700 series 4C standard horizontal mailboxes and parcel lockers are U.S.P.S. approved and are available with standard MB1 mailbox doors (13-1/4" W x 3-1/4" H) and larger MB2 and MB3 mailbox doors – see door sizes on page 19. All mailbox doors include a heavy duty cam lock with a dust/rain shield and three (3) keys. 4C standard horizontal mailbox units include factory installed 3/4" W x 1/4" D trim and are available in configurations that are one door wide (single column) and two (2) doors wide (double column). The Salsbury maximum height 3716D-20 units have two (2) fully integrated 15-1/2" high parcel lockers and twenty (20) standard MB1 mailbox doors and meet the U.S.P.S. 4C requirement of a minimum of one parcel locker for every ten (10) tenant compartments. Many other standard units in three (3) to fifteen (15) equivalent standard MB1 mailbox door heights are also available. Fully integrated and stand-alone parcel lockers are available in five (5) equivalent standard MB1 mailbox door heights (PL5 – 17-1/4" high) and six (6) equivalent standard MB1 mailbox door heights (PL6 – 20-3/4" high). A compartment equivalent to two (2) standard MB1 mailbox door heights is used for outgoing mail collection and is labeled "Outgoing Mail". The outgoing mail compartment includes a weather protection hood and a 10-3/4" W x 3/4" H mail slot. Designed for indoor or outdoor use, 4C standard horizontal mailboxes feature a durable powder coated finish available in four (4) contemporary colors.

## 4C CUSTOM HORIZONTAL MAILBOXES FRONT OR REAR LOADING

Made of heavy duty aluminum and stainless steel hardware, Salsbury 3700 series 4C custom horizontal mailboxes and parcel lockers are U.S.P.S. approved and are available in configurations that are one door wide (single column) and two (2) doors wide (double column). Units include factory installed 3/4" W x 1/4" D trim and can be configured with a combination of four (4) mailbox door sizes and two (2) parcel locker door sizes to meet your custom requirements (please submit required layout). A compartment equivalent to two (2) 3-1/4" high standard MB1 doors must be reserved in each custom front loading mailbox unit for outgoing mail collection and the access door. 4C custom horizontal mailboxes feature a durable powder coated finish available in four (4) contemporary colors. Custom colors are available as an option upon request. 4C custom horizontal mailboxes are designed for indoor or outdoor use and are ideal for apartments, residential communities, commercial buildings and many other applications.

**PARCEL LOCKERS** can be fully integrated into the 3700 series 4C custom horizontal mailbox units. A minimum of one parcel locker is required for every ten (10) tenant compartments. Parcel lockers are not required for installation sites with less than ten (10) tenant compartments.

## ORDERING A 4C CUSTOM HORIZONTAL UNIT

Following simple guidelines, custom units can be configured with a combination of varying sizes of mailbox doors and parcel locker doors.

Custom units can accommodate mailbox doors from 1 high (3-1/4") to 4 high (13-3/4") and parcel locker doors either 5 high (17-1/4") or 6 high (20-3/4"). Custom units are available for both front or rear loading applications.

Custom units are available in equivalent standard MB1 mailbox door heights of three (3) to fifteen (15) - see Note 2 at bottom right. The outgoing mail compartment / carrier access door (OM2) must be situated in the designated position. See the diagrams of our standard units on pages 12-15 for illustrations of the designated position of the outgoing mail compartment / access door (OM2) in their respective heights.

Single or double column units can be configured from a minimum of three (3) standard one high mailbox doors (MB1) to a maximum of fifteen (15) standard one high mailbox doors (MB1) including both mailboxes and parcel lockers.

Mailboxes are only permitted in the top eleven (11) one high mailbox door (MB1) positions.

Parcel lockers may be positioned anywhere.

U.S.P.S. standard 4C requires a minimum of one parcel locker for every ten (10) tenant compartments. Parcel lockers are not required for installation sites with less than ten (10) tenant compartments.

1) Determine the number of openings required using MB1, MB2, MB3 and MB4 mailbox doors and PL5 and PL6 parcel locker doors.

### DOOR SIZES:

MB1 - 13-1/4" W x 3-1/4" H  
MB2 - 13-1/4" W x 6-3/4" H  
MB3 - 13-1/4" W x 10-1/4" H  
MB4 - 13-1/4" W x 13-3/4" H

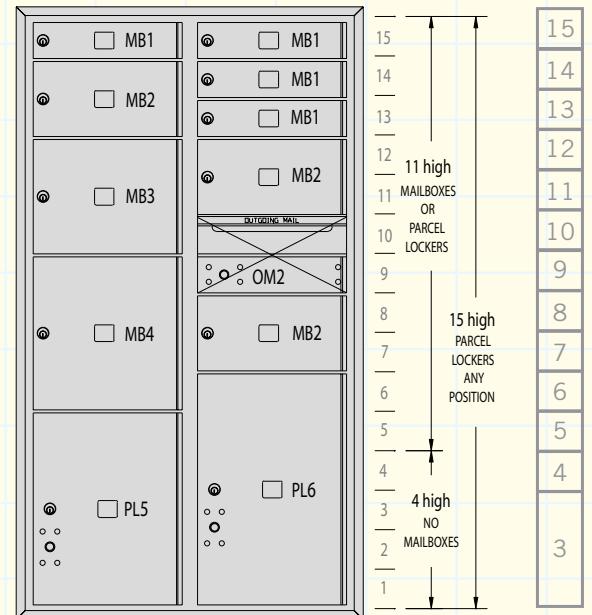

PL5 - 13-1/4" W x 17-1/4" H  
PL6 - 13-1/4" W x 20-3/4" H

2) Configure your requirements into a single or double column unit and into equivalent standard mailbox door heights of three (3) to fifteen (15). Specify front or rear loading. The outgoing mail compartment / access door (OM2) must be situated in the designated position. See the diagrams of our standard units on pages 12-15 for illustrations of the designated position of the outgoing mail compartment / access door (OM2) in their respective heights.

3) Contact us for rough opening dimensions and layout specifications.

## 4C HORIZONTAL MAILBOX ENCLOSURES SURFACE MOUNTED

Made of heavy duty aluminum, Salsbury 3800 series 4C surface mounted mailbox enclosures are designed to easily mount Salsbury 3700 series U.S.P.S. approved and private access front loading 4C standard and custom horizontal mailboxes to a wall. Surface mounted enclosures can accommodate each of the Salsbury 3700 series horizontal mailbox heights in both one door wide (single column) and two (2) doors wide (double column). Mailboxes are sold separately - see pages 12-17. Surface mounted mailbox enclosures feature a durable powder coated finish available in four (4) contemporary colors that match the color of the 4C horizontal mailboxes. 4C standard and custom horizontal mailboxes easily fit into the fully assembled enclosures with mounting hardware (included). Surface mounted mailbox enclosures provide a convenient means of installing 4C standard and custom horizontal mailboxes in locations where walls are not deep enough for a recessed mounted installation. Designed for indoor and outdoor use, surface mounted mailbox enclosures are ideal for apartments, condominiums, commercial buildings, offices and many other applications.

- **Surface Mounted Enclosures come Fully Assembled**
- **Designed for Indoor or Outdoor Use**

### SAMPLE INSTALLATION

Models displayed:  
(1) 3816D  
(1) 3716D-20

*Note: For U.S.P.S. serviced installations, the tenant locks in the top row of mailboxes must be no more than 67" above the finished floor and the bottom shelf of the lowest row of mailboxes must be no less than 28" above the finished floor. The U.S.P.S. master arrow lock must be a minimum of 36" and a maximum of 48" above the finished floor. The bottom shelf of parcel lockers must be at least 15" above the finished floor.*

# 4C Horizontal Mailbox Enclosures - Free-Standing

## 4C HORIZONTAL MAILBOX ENCLOSURES FREE-STANDING

Made of heavy duty aluminum, Salsbury 3900 series 4C free-standing mailbox enclosures are designed to accommodate Salsbury 3700 series U.S.P.S. approved and private access front loading 4C standard and custom horizontal mailboxes. Free-standing mailbox enclosures mount to the ground and can accommodate each of the Salsbury 3700 series horizontal mailbox heights in both one door wide (single column) and two (2) doors wide (double column). Mailboxes are sold separately - see pages 12-17. Free-standing mailbox enclosures feature a durable powder coated finish available in four (4) contemporary colors that match the color of the 4C horizontal mailboxes. 4C standard and custom horizontal mailboxes easily fit into the fully assembled enclosures with mounting hardware (included). Free-standing mailbox enclosures provide a convenient means of installing 4C standard and custom horizontal mailboxes in locations where a wall mounting application is not desired or available. Designed for indoor and outdoor use, free-standing mailbox enclosures are ideal for apartments, condominiums, commercial buildings, offices and many other applications.

- **Free-Standing Enclosures come Fully Assembled**
- **Designed for Indoor or Outdoor Use**

# 4C Pedestal Mailboxes - *continued on pages 26-27*

## 4C PEDESTAL MAILBOXES

PRIVATE  
ACCESS®

### FRONT LOADING

Made of heavy gauge aluminum and stainless steel hardware, Salsbury 3400 series 4C pedestal mailboxes are accessed from the front through one or two (2) easy opening master door panels. The durable and corrosion resistant units feature a powder coated finish available in six (6) contemporary colors. 4C pedestal mailboxes are available with standard mailbox doors (MB1) that are 13-1/4" W x 3-1/4" H and larger MB2 and MB3 mailbox doors - see door sizes on page 27. All mailbox doors include a heavy duty cam lock with a dust/rain shield and three (3) keys. A compartment equivalent to two (2) 3-1/4" high standard MB1 mailbox doors is used for outgoing mail collection and is labeled "Outgoing Mail". The outgoing mail compartment includes a weather protection flap and an 11-3/4" W x 3/4" H mail slot. 4C pedestal mailboxes include a matching pedestal and master commercial lock(s) and are available in configurations that are one door wide (single column) and two (2) doors wide (double column). Fully integrated and stand-alone parcel lockers are available in five (5) equivalent standard mailbox door heights (PL5 - 17-1/4" high) and six (6) equivalent standard mailbox door heights (PL6 - 20-3/4" high). The most popular height is the Salsbury maximum height 3416D-20 unit which features twenty (20) MB1 mailbox doors and two (2) fully integrated 15-1/2" high parcel lockers. Many other standard units in six (6) to fifteen (15) equivalent standard MB1 mailbox door heights are also available. 4C pedestal mailboxes are ideal when private centralized mail delivery is desired.

## 4B+ STANDARD HORIZONTAL MAILBOXES FRONT OR REAR LOADING

USPS or PRIVATE  
access

Made entirely of aluminum, Salsbury 3600 series U.S.P.S. approved 4B+ standard horizontal mailboxes are available in units with standard A doors and larger B doors. Units with standard A doors are available in 3, 4 or 5 doors wide and 5, 6 or 7 doors high. Units with larger B doors are available in 2 doors wide and 5, 6 or 7 doors high. Each aluminum door includes a five (5) pin cylinder cam lock with two (2) keys and a 2" W x 5/8" H clear plastic card holder (card included) to identify the tenant's name and/or box number. The mailbox compartments are made of sheet aluminum. Custom engraved placards (#3667) are available as an option upon request. 4B+ standard horizontal mailboxes feature a durable powder coated finish available in four (4) contemporary colors and are ideal for apartments, condominiums, commercial buildings, colleges and schools and many other applications.

### If Front Loading:

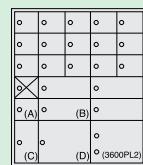

Door panel swings on a continuous hinge. One mailbox opening is required for a master postal or commercial lock and cannot be used for mail distribution. Units include factory installed 3/4" W x 1/4" D trim and a solid rear cover.

### If Rear Loading:

Mailboxes can be used for either U.S.P.S. access (master postal lock not required) or private access (master commercial lock not required). All openings are usable. Units include factory installed 3/4" W x 1/4" D trim and a removable rear cover.

# 4B+ Custom Horizontal Mailboxes

## 4B+ CUSTOM HORIZONTAL MAILBOXES FRONT OR REAR LOADING

USPS or PRIVATE  
access

Made entirely of aluminum, Salsbury 3600 series U.S.P.S. approved 4B+ custom horizontal mailboxes are available in four (4) different mailbox door sizes and three (3) different parcel locker door sizes. Each aluminum mailbox door includes a five (5) pin cylinder cam lock with two (2) keys and a 2" W x 5/8" H clear plastic card holder (card included) to identify the tenant's name and/or box number. The mailbox compartments are made of sheet aluminum. 3600 series 4B+ custom horizontal mailboxes can integrate different combinations of mailbox and parcel locker doors and are available in four (4) contemporary colors. Custom colors are available as an option upon request. Matching collection units (5, 6 and 7 doors high) are also available. Custom horizontal mailboxes are ideal for apartments, condominiums, commercial buildings, colleges and schools and many other applications.

### If Front Loading:

Door panel swings on a continuous hinge. One mailbox opening (A and B doors only) is required for a master postal or commercial lock and cannot be used for mail distribution. Units include factory installed 3/4" W x 1/4" D trim and a solid rear cover.

See sample installation on page 29

Custom front loading unit  
with standard aluminum finish displayed

### If Rear Loading:

Mailboxes can be used for either U.S.P.S. access (master postal lock not required) or private access (master commercial lock not required). All openings are usable. Units include factory installed 3/4" W x 1/4" D trim and a removable rear cover.

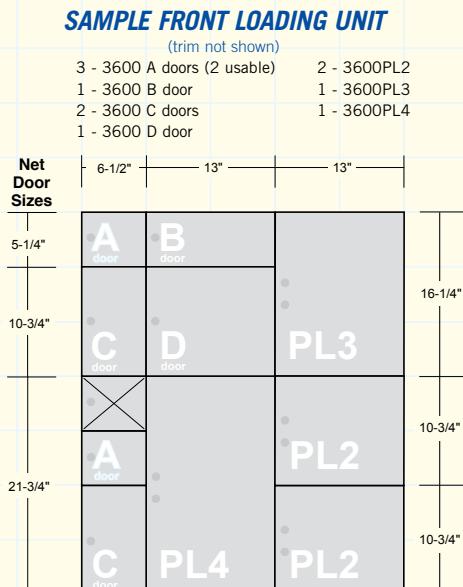

**PARCEL LOCKERS** can be integrated into a 3600 series mailbox system and are a convenient way to receive packages on site. Parcel lockers are fit with a two (2) key security system that allows the U.S.P.S. or an individual to deliver a parcel to the locker and place a parcel locker key in the recipient's mailbox. Once the recipient opens the parcel locker, the key is automatically retained in the lock until it is removed with a control key.

## ORDERING A 4B+ CUSTOM HORIZONTAL UNIT

1) Determine the number of openings required using A, B, C, and D mailbox doors and PL2, PL3 and PL4 parcel locker doors.

2) Configure requirements to fit a minimum of 2W x 3H standard A doors to a maximum of 5W x 7H standard A doors.

3) Contact us for rough opening dimensions or layout specifications.

### LETTER BOXES USPS access or PRIVATE access

A letter box is an ideal way to collect outgoing mail or other correspondence. See pages 46-47 for additional products and specifications.

### CUSTOM ENGRAVING (OPTION - #2266)

Custom engraving for letter boxes (specify regular or black filled) is available as an option upon request. See page 46 for specifications.

### OUTGOING MAIL SLOT (OPTION - #3569)

A 4-3/8" W x 1/2" H outgoing mail slot is available as an option upon request. It will be located in the far left door of the unit unless otherwise specified. If a mail slot is requested, order unit with one additional compartment than the total number of tenants receiving mail.

### CUSTOM ENGRAVED PLACARDS (OPTION - #3567)

2-1/2" W x 5/8" H custom engraved self-adhesive placards are available as an option upon request.

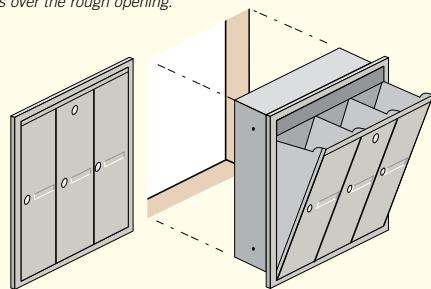

101

### SAMPLE INSTALLATION

Model displayed:  
(2) 3503's

Recessed mounted units fit into a rough opening and are secured with mounting hardware through the back or side panels. Recessed units feature a fully integrated flanged collar which fits over the rough opening.

Note: For U.S.P.S. accessed vertical mailboxes, the master lock in the top tier of mailboxes must be no more than 58" above the finished floor. The master lock in the bottom tier of mailboxes must be no less than 30" above the finished floor. No more than two (2) tiers of mailboxes may be installed.

Note: Rough opening for recessed mounted vertical mailboxes is 1-1/2" less than the unit's width, 1-1/4" less than the unit's height and equal to the unit's depth.

Note: Rough opening for recessed letter boxes (#2245) is 13-3/4" W x 17-3/4" H x 6-3/4" D.

## STANDARD SYSTEM REAR LOADING

Salsbury 2200 series standard system aluminum mailboxes have 1/4" thick extruded aluminum doors with a durable powder coated aluminum finish. Each door includes a five (5) pin cylinder cam lock with two (2) keys. Standard system aluminum mailbox units are designed to stack two (2) high and mount adjacent to each other or between wall studs. All units have the same outside dimensions. Alternative locking systems are available - see aluminum mailbox options on page 39. The mailbox compartments have open backs (hinged locking rear covers #2250 are available as an option upon request) and are constructed of 20 gauge steel. Standard system aluminum mailboxes are ideal for use in colleges and schools, private postal centers, government agencies, corporate mailrooms, military bases, police stations and many other applications.

# Aluminum Mailboxes - Rack Ladder System

## RACK LADDER SYSTEM - REAR LOADING

Salsbury 2200 series rack ladder system aluminum mailboxes have 1/4" thick extruded aluminum doors with a durable powder coated aluminum finish. Each door includes a five (5) pin cylinder cam lock with two (2) keys. The mailbox compartments have open backs (rear covers for a column of rack ladder mailboxes #2251 and for individual rack ladder mailboxes #2252 are available as options upon request) and are constructed of 20 gauge steel. All units have the same outside dimensions. Rack ladder system aluminum mailbox units are designed to be installed between rack ladders (#2200). The rack ladders support five (5) mailbox units to form a column of mailboxes.

These units can be accessed by the U.S.P.S. when used in Rotary Mail Centers (see page 44).

2208

## PARCEL LOCKERS

USPS  
access or PRIVATE  
access

Salsbury 2200 series parcel lockers offer tenants a convenient way to receive packages on site and are fit with a two (2) key security system. When the U.S.P.S. or an individual delivers a parcel to the locker, a parcel locker key is placed in the recipient's mailbox. Once the recipient opens the parcel locker, the key is automatically retained in the lock until it is removed with a control key. The units have 1/4" thick extruded aluminum doors with a durable powder coated aluminum finish and are equipped with a hinged rear door which allows access from the rear. Parcel lockers are designed to fit into the rack ladder and data distribution systems (see pages 38-39) and Free-Standing Mail Centers (see pages 44-45).

## DROP BOXES

PRIVATE  
access

Salsbury 2200 series drop boxes have a 1/4" thick extruded aluminum solid front with a durable powder coated aluminum finish. The one compartment drop box (#2280) has a 16" W x 3/4" H mail slot. The two (2) compartment drop box (#2282) has two (2) 9" W x 3/4" H mail slots. Drop boxes have a 4" high rear panel to contain the mail. Individual locking rear covers (#2285) are available as an option upon request. Drop boxes are designed to fit into the rack ladder and data distribution systems (see pages 38-39) and Free-Standing Mail Centers (see pages 44-45).

# Aluminum Boxes - Data Distribution System

## DATA DISTRIBUTION SYSTEM PRIVATE SUCCESS

Salsbury 2400 series data distribution system aluminum boxes have 1/4" thick extruded aluminum doors with a durable powder coated aluminum finish. Each door includes a 3/4" high door slot, a five (5) pin cylinder cam lock with two (2) keys and is hinged horizontally at the bottom. Alternative locking systems are available - see aluminum mailbox options on page 39. Doors are available without slots upon request. The compartments have open backs (rear covers for a column of data distribution boxes #2451 and rear covers for individual data distribution boxes #2452 are available as options upon request) and are constructed of 20 gauge steel. All units have the same outside dimensions. Data distribution system boxes are designed to be installed between rack ladders (#2400). The rack ladders support five (5) units to form a column of boxes. Data distribution system boxes can also be used in Free-Standing Mail Centers (see pages 44-45).

2406

2014RL

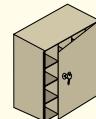

## BRASS MAILBOXES REAR OR FRONT LOADING

Salsbury 2000 series brass mailboxes have solid brass die-cast doors. Each door includes a five (5) pin cylinder cam lock with two (2) keys, a clear 1/4" thick glass window and a name plate to identify the tenant's name and/or box number. The doors are hinged on brass frames and are attached to the individual compartments with four (4) screws. The mailbox compartments are constructed of 20 gauge steel and powder coated tan. They are designed to stack two (2) high and mount adjacent to each other or between wall studs. All units have the same outside dimensions. Rear loading units can be accessed by the U.S.P.S. when used in Rotary Mail Centers (see page 44).

### If Rear Loading:

Units have open backs. Hinged locking rear covers (#2050) are available as an option upon request.

# Free-Standing Mail Centers

## ROTARY MAIL CENTERS

USPS or PRIVATE  
ACCESS

Constructed of 16 gauge steel, heavy duty 3100 series Rotary Mail Centers feature a vinyl finish available in five (5) contemporary colors. Aluminum style Rotary Mail Centers (#3100) are designed to accommodate a combination of five (5) aluminum rack ladder system mailboxes and data distribution system boxes (see pages 36-39). Brass style Rotary Mail Centers (#3150) are designed to accommodate a combination of two (2) brass or Americana style rear loading mailbox units (see pages 40-43). To operate, the user unlocks the unit and rotates the inner cabinet 180 degrees so that the rear of the mailboxes are facing the front (see below). After distributing the mail, the inner cabinet is rotated back 180 degrees to the tenant access position. A matching rear cover (#3125) is available as an option upon request. Rotary Mail Centers are ideal in locations where a secure and professional mailbox system is desired.

Inner cabinet rotates 180 degrees for mail distribution

(order master commercial lock #3175)

## ROLL-A-BOUTS

Made of 18 gauge steel, Salsbury 2300 series Roll-A-Bouts include casters for mobility and are useful when space is limited as wall construction is not required. Roll-A-Bouts are rear loading and feature a durable powder coated finish. Aluminum style Roll-A-Bouts (#2300) are designed to accommodate a combination of five (5) aluminum rack ladder system mailboxes and data distribution system boxes (see pages 36-39) and are powder coated black. Brass style Roll-A-Bouts (#2350) are designed to accommodate a combination of two (2) brass or Americana style rear loading mailbox units (see pages 40-43) and are powder coated tan. Units include a large rear door and are locked by placing a standard padlock (order optional keyed padlock #2390 - \$10.00) through a steel hasp and are an excellent way to add a private postal center to an existing business.

## SAMPLE CONFIGURATIONS

Sample configurations for Rotary Mail Centers and Roll-A-Bouts - order mailboxes and data distribution boxes separately. Mix and match to meet specific requirements. Minor assembly required.

# Letter Boxes

## LETTER BOXES

USPS or PRIVATE access

Made of sheet and extruded aluminum, Salsbury letter boxes are available in a standard size (#2240 and #2245) and a slim size (#2260 and #2265). Both sizes are available as surface mounted or recessed mounted units. Standard and slim letter boxes feature a durable powder coated finish available in five (5) contemporary colors. The doors are constructed of heavy duty 1/4" thick aluminum and are accessed from the front. Custom engraving (#2266) and plexiglass windows (#2273) are available as options upon request. Standard letter boxes are ideal for apartments, condominiums, commercial buildings, offices and many other applications.

#2240 surface mounted unit in aluminum finish displayed

**custom**  
Numbers / Letters see page 101

### MAIL SLOT (STANDARD)

Standard letter boxes feature an 11-1/2" W x 3/4" H mail slot. Slim letter boxes feature a 7-1/2" W x 3/4" H mail slot. Doors are available without slots as an option upon request.

### CUSTOM SLOT (OPTION - #2249)

Slot sizes as specified can be customized to meet your requirements.

### CUSTOM ENGRAVING (OPTION - #2266)

Custom engraving (specify regular or black filled) is available as an option upon request.

Examples are: OUTGOING MAIL, MAIL, U.S. MAIL, PAYMENTS, LETTERS, KEYS, SUGGESTION BOX, OFFICE, RENT DROP or as specified.

### PLEXIGLASS WINDOW (OPTION - #2273)

A 2" W x 10" H plexiglass window is available as an option upon request. This option should not be ordered for units serviced by the U.S.P.S.

### COMMERCIAL LOCK (OPTION - #2246)

A private access commercial lock with two (2) keys is available as an option for #2240 and #2245 upon request.

## PEDESTAL DROP BOXES

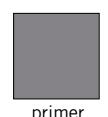

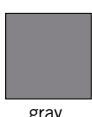

Made entirely of aluminum, Salsbury 4200 series pedestal drop boxes are available in three (3) different sizes. Model #4275 is 15-3/4" wide, model #4276 is 23" wide and model #4277 is 30-1/4" wide. All pedestal drop boxes include a 28-1/2" high matching pedestal and are the same height (55-1/2") and depth (19"). Standard units are accessed from the rear through a two (2) point latching master door on the #4275 and two (2) master doors on the #4276 and #4277. Each door swings open over 90 degrees for unloading convenience. Standard units include a locking "T" handle (#4290) on the rear door(s), a weather protection hood and a mail flap on the front of the unit. The pedestal drop boxes feature a durable powder coated finish available in three (3) contemporary colors (or primer). Custom options (#4280 - see page 55) and custom colors (#4205) are available upon request.

## MAIL PACKAGE DROPS - U.S.P.S. APPROVED

Made entirely of aluminum, Salsbury U.S.P.S. approved 4300 series mail package drops feature both a front and rear access locking door. Mail is deposited through a non-locking access panel on the front. Each unit includes an outgoing mail tray, a lock with two (2) keys on each door (keyed alike) and an adjustable red signal flag. Units are available in a powder coated black, green, silver or white finish. Mail package drops can be mounted on the optional bolt mounted (#4395) or in-ground mounted (#4385) aluminum pedestals or a base of your choice. Non-locking thumb latches (#4388) are available as an option upon request. Mail package drops are approved for U.S.P.S. curbside mail delivery. Master postal lock not required.
